Town of Richfield Planning Board

Chairman Urtz,

Based on prior concerns expressed, Center State Propane LLC would like to say we plan on being a good neighbor and a valued member of the Richfield Springs community.

Center State Propane LLC, with the support from the New York State Propane Gas Association will provide at no charge, safety training to the Richfield Springs Volunteer Fire Department. This valuable training would provide instruction on how to handle an emergency situation relating to the Bulk Propane Storage Facilities such as the one Center State Propane is proposing to install and operate. (2017 Training information attached)

I have also included the new safety requirements instituted in 2011 by the National Fire Protection Association and The National Propane Gas Association.

We thank you for the consideration.

Kevin G. Hull
General Manager
Center State Propane LLC
